MARYVILLE, MISSOURI, FRIDAY, OCT. 2, 1914.

NO. 104

WORTH 12 MILLION

POLK TOWNSHIP ASSESSMENT IS \$4,135,335 OR \$158,890 GAIN.

HALF IS IN MARYVILLE

Real and Personal Property of City Is Assessed at \$1,965,875—Nearly All Values Grow.

The assessment of Polk township for 1914 has just been completed by Edward F. Hamlin, township assessor. It shows an increase of \$158,890 over last year's assessment. The total township assessment for all properties, city and country, is \$4,135,335.

The total valuation of the country real estate outside of Maryville is \$1,729,245 as compared to \$1,727,100 for 1913. The total valuation of the city real estate is \$1,156,550 as compared to \$1,485,470 for last year.

Counting the assessment of real estate and personal property, excepting money, notes and bonds, as representing one-third of the actual value and the money, notes and bonds assessments as one-half of actual value, the figures submitted by Assessor Hamlin would indicate that Polk township as a whole is worth approximately \$12,000,000 of which about one-half is in Maryville.

The personal assessment of the country outside of Maryville for this year and what it was last year respectively is as follows:

Horses, 2,767, valuation \$104,425; 1913, horses, 2,752, valuation \$102,505. Asses and jennies, 23, valuation \$986; 1913, asses and jennies, valuation 910.

Hogs, 7,826, valuation \$22,680; 1913, hogs, 6,772, valuation \$22,175.

Money, notes and bonds, \$90,415; for 1913, \$88,510.

Other property including automobiles, farm tools and implements and household goods, \$69,740; for 1913, \$61,586.

Total for this year, \$440,215; for 1913 \$381,895.

The city personal assessment follows: Horses, 358, valuation \$12,735; 1913, horses, 376, valuation \$13,955. Mules, 20, valuation, \$1,000; 1913, 13, valuation, \$640. Grand total, \$4,135,335; 1913, \$3,976,945.

AUTO-POLO IS ON TODAY

First Game Starts This Afternoon Before Big Crowd.

The first of two scheduled auto-polo games was begun in the quarter stretch at the county fair grounds shortly after 3 o'clock this afternoon before a fairly large crowd of men, women and children. While the ground is not in the best of condition for this work, which should be played on a uniformly smooth surface, the drivers of the little racers appear to be able to handle their "steeds" with good results.

The game is between a British and an American team, with a \$700 purse up to the winner. It is being given under the auspices of the Maryville Commercial club and the management of R. A. Hankinson, the originator of the modern polo.

Some idea of the size of the crowd might be gained from the fact that many persons were clamoring for admission as early as 1 o'clock this afternoon, two hours before the game was to begin. An admission of 50 cents to adults and 25 cents to children. Vehicles are admitted for no extra charge.

5 Get 24 Ducks.

Cease Wilson, W. A. Tindall, Steve Viles, Chief of Police E. C. Moberly and John Coleman, Jr., shot twenty-four ducks within a short time in a hunt by the Hamlin bridge, three miles north of Pickering yesterday afternoon. Mr. Viles shot six of them. They consisted of one mallard, teal and Spriggs.

Mr. Hogg of Kansas City took charge today of the local agency of the Adams Express company, succeeding Herman Barr.

MANY IN CONTEST

EXPECT HOT RACE IN POPULAR LADY CAMPAIGN.

FIREWORKS EVENT SURE

Destruction of Pain Plant Will Not Cancel Pyrotechnic Display—Arrange for Local Sports.

That the Nodaway county woman who is finally declared to be the most popular lady at the Homecoming celebration October 13 to 17, inclusive, will have a hard and a close race is evident from the interest being shown. Voting coupons are pouring in upon the Commercial club every day like European citizens pour into the hopper of death, many of the coupons being sent from outside of the county boundary.

One letter received by Secretary W. R. Jackson this morning was from Washington, D. C., enclosing a voting coupon for a Nodaway county woman, while other letters from over Missouri come in every mail. There is no rule governing the contest except that the person voted for must live in this county. She may be seeing the first light of day or she may be nearing the centenary mark, just so she has enough friends to convince the contest judges that she is more popular than any other.

Contest to elb Secretive.

At no time during the campaign will it be announced who are in the race nor how they stand as to popularity. The winner of the contest will not be known, even by herself, until her portrait is shown in the pyrotechnic display, Friday night, October 16. This is calculated to stimulate the contest and hold each in suspense and on the firing line until the very last moment of the campaign.

The winner's portrait will be shown amid fireworks and pyrotechnic designs in a square of twenty feet.

The destruction of the plant and the killing of the president and several employees of the Pain Fireworks Display company at Chicago this week, will not cause a cancellation of the fireworks display here, according to a telegram received by Secretary Jackson this morning. It says: "Pain Fire-

works company will take care of you as per contract."

Colors are Green and White. Until the receipt of the message it was feared by those in charge, that the destruction of the company's plant by an explosion, probably would necessitate their canceling all contracts for awhile at least. As the firm is world-wide and has fireworks factories in various places, it will be able to furnish exactly the same high-class display, it is believed, as though no misfortune had struck them.

Green and white were selected as the official colors for the Homecoming celebration by the Commercial club yesterday. Every business house will be requested to use those two colors as much as possible in store decoration for the affair, and to generally use those combined colors in store front bunting and display. The national colors also may be used in connection in the way of flags, banners and bunting.

A committee of several men, of which M. A. Peery is chairman, has been selected to arrange for a number of local sports of unusual and comical stunts.

They will be given during the nights of Thursday and Friday, October 15 and 16. Among the attractions already arranged by the committee are a "dry" dive and "the frolic of the jelly fishes."

Plan "Fiddlers" Contest.

The old-time "fiddlers" of Nodaway county and northwest Missouri also will be there in numbers, stamping their feet and jerking their heads for glory to come, if plans now being made by the club go afloat. This additional contest will be held Thursday, October 15. Prizes will be given for the best and second best "fiddler." One qualification entering into the contest of course will be that the winner must stomp his feet better than any of his competitors.

Other attractions for the initial fall celebration are being planned, making it look more every day as though the event in reality would be a three or four ring circus lasting five days.

WILLIAM ORR SAWYERS DIES.

Funeral Services Tomorrow Afternoon—First Presbyterian Church.

William Orr Sawyers aged 86, died at 3 o'clock yesterday afternoon at the home of his son, Robert J. Sawyers, northwest of the city.

The funeral services will be held at 2 o'clock tomorrow afternoon at the First Presbyterian church conducted by the pastor, the Rev. Samuel D. Harkness. The body will lie in state at the Sawyers home from 10 till 11 o'clock tomorrow.

The decedent was born at Bellaire, Ohio, November 22, 1828. On April 22, 1858, he was married to Miss Agnes Kirker of St. Clairsville, Ohio. For a number of years Mr. and Mrs. Sawyers made their home at Woodsfield, Ohio, and in 1894, the family came to Nodaway county, settling on the farm which is now the home of R. J. Sawyers.

On April 22, 1908, Mr. and Mrs. Sawyers celebrated their golden wedding anniversary and the occasion was the gathering of a large number of relatives and old friends, both from near home and abroad. Mrs. Sawyers died on November 26 of that year.

Mr. Sawyers is survived by four sons and four daughters, who are the Rev. Dr. H. A. Sawyers of Savannah, John K. Robert J., and William G. Sawyers, the last named being the present democratic candidate for prosecuting attorney; Mrs. T. C. Neff, Mrs. Wilbur Snyder, Mrs. Lawrence Gault and Miss Elizabeth Sawyers.

Mr. Sawyers was one of the most active members of the First Presbyterian church and during his last illness special services have frequently been held at his home in order that he might have the pleasure of participating.

Gave Feature Concert.

The weekly band concert on the court house lawn was last night unusually good because of feature program arranged. One of the features was a vocal solo by Wayne David, of "Rebecca of Sunnybrook Farm." A baritone solo by Lloyd Miles also was an added musical attraction.

Visiting at Graham.

Mrs. J. L. Jones is visiting at Graham with her daughter, Mrs. George Greeson and family.

CHANGE PROGRAM

GET TWO NEW SPEAKERS FOR M. E. CONFERENCE.

SPEAKS FOR FREEDMEN

Secretary of Aid Society Succeeds Dr. Ream On Program—Stanberry Pastor to Lecture.

Two changes in the program of the Missouri annual conference of the Methodist Episcopal church, to be held in Maryville, October 6 to 12, inclusive, have been made.

I. C. Garland Penn, colored, of Cincinnati, corresponding secretary of the Freedmen's Aid society, which is affiliated with the Methodist church, will take the place of Dr. Ream of Emsworth hospital, St. Joseph, on the speaking program. He was scheduled for an address at 7:30 o'clock, Wednesday night, October 7, the anniversary of the Freedmen's society.

The Rev. George P. Sturges, pastor of the Methodist Episcopal church at Stanberry, will succeed the Rev. Fred B. Fisher of New York City, in an address Wednesday afternoon, Dr. Fisher is secretary of the finance commission of the church.

Is Able Speaker.

In obtaining the promise of Mr. Penn, to address the conference here next week, the committee in charge feels that it has made a good "strike," while Mr. Sturges is a minister of twenty-five years' experience.

Mr. Penn is considered one of the ablest workers the Freedmen's society has. He is, perhaps, more widely known among the young people of the negro race too, regardless of denomination, than any other churchman. He is author of several works relative to the race problem and tending to the betterment of his race. His success in the Epworth League also has created no little renown. He is considered a good speaker.

In a communication to the Rev. Gilbert S. Cox, pastor of the First Methodist church here, where the conference will be held, Mr. Penn says: "I note that it is going to be my pleasure to attend your conference for the anniversary address of the Freedmen's Aid Society. I assure you I shall be glad to be with you, to make your personal acquaintance and to do everything I can in behalf of our work."

Entertainment Provided.

Mr. Fisher was unable to fill his speaking date here, on account of an important conference to be held in New York City at the same time. It would necessitate his coming here solely for the address, then having to return immediately to his home in New York.

No other changes in the program have been made nor will any more have to be made, Mr. Cox believes. All arrangements for entertaining the visiting delegates and their families have been virtually completed. It is believed there will be about 250 delegates, while with their wives and families and visiting members the total attendance is expected to go above the half-thousand mark.

Hats Off to Herald.

The Stanberry Herald, owned and edited by V. T. Williams, observed its twenty-seventh anniversary this week by issuing a twenty-page, five-section edition, depicting the advantages of Stanberry and Gentry county. There are 3,080 inches of reading and advertising matter in the paper and many cuts showing scenes in Stanberry and the county. It is an edition to be proud of to say the least, and Stanberry should compliment its boosting editor.

No Meet at Pickering.

The republican meeting scheduled to be held at Pickering tonight, at which M. E. Otis, congressional candidate was to be the principal speaker, has been canceled. This action was taken on account of Christian church revival being held there this week.

Mr. and Mrs. Clark Andrews have returned home from a month's visit with their son, Arthur Andrews and family of Wichita, Kansas.

NODAWAY WOULD PAY \$7,031.

Plan to Make Owners Pay 25 Cents Per Horse Power.

GETS TWO YEARS

Taylor's Punishment Is Penitentiary Sentence.

Democrats of the senate subcommittee on finance voted yesterday to substitute for the tax of two cents a gallon on gasoline in the War revenue bill a tax on motor car owners of twenty-five cents a horsepower and \$1 a horsepower on motor car sales by manufacturers. The committee estimates that would yield an annual revenue of 16 million dollars.

An owner of a 30-horsepower car would pay an annual tax of \$7.50 and a manufacturer selling such a machine would pay \$30.

The records of the secretary of state's office show that Nodaway county is sixth in licensed motor cars in Missouri with 1,125. Counting each car as averaging twenty-five horse power, automobile owners of this county would be required to pay into the war fund \$7,031.25.

TRY THE LAWSON BOYS

Carter Case Docketed for Next Tuesday—Charged With Manslaughter.

Daniel Taylor was found guilty of carnal knowledge with Alice Fay Galbraith, 15 years old, and his punishment assessed at two years in the state penitentiary by a jury in circuit court at 10 o'clock last night after four hours' deliberation. The trial of Taylor occupied the entire time of the court yesterday. It began at 9 o'clock in the morning with the selection of a jury. The taking of testimony was begun at 10:30 o'clock and was concluded at 4 o'clock. Arguments were concluded two hours later when it was given into the hands of the jury. Several ballots were taken before agreement was reached.

While no motion for a new trial has yet been made, it is believed such action will be taken by Taylor. He has not been sentenced by Judge W. C. Ellison.

Try Lawson Boys.

He was charged with having assaulted the fifteen-year-old daughter of Mr. and Mrs. Joseph Galbraith more than a year ago, while employed by Mr. Galbraith.

The trial of Everett Lawson and Hurlbert Lawson, brothers, living near Ravenwood, charged with having assaulted with intent to kill Lucien Sagle also of near Ravenwood last March, was taken up in court this morning, following the naturalization of three foreigners. They were: Joseph George Kurfman, Peter Frederickson and Daniel McQuinn.

The Lawson boys are alleged to have struck the Sagle boy with knucks or some instrument which inflicted wounds on the body. The trouble is said to have started over a long enemy.

Carter Trial Tuesday.

Testimony for the state had not been completed at 2 o'clock. The case probably will go to the jury late this afternoon. The jurors are: Frank Cole, Frank Flitz, Clem Myers, C. A. McCoppin, David Wright, Thomas Cunningham, Edward Busby, Edward Shreve, Joseph Holker, John Manorgan, John Farnan and G. W. Hartley.

The trial of Roy Gunn, charged with murder, was continued until tomorrow.

FARM RUSH IS ON

WHEAT SOWING AND APPLE PICK-
ING PREVAILS.

SOME LESSEN ACREAGE

Tardiness in Getting Ground Prepared
and Fear of Hessian Fly Will
Decrease Output.

The usual fall farm work now is on
in earnest throughout Nodaway county.
Following the delay from the
drought during August and the heavy
rains following last month, the farm-
ers have buckled into the fall work
with renewed effort with the hope of
getting caught up in the routine.

Pastures are now looking fine,
thanks to the recent rains. In fact the
dry summer, preceding the later rains,
made the pastures greener this fall
than those of years. Although some
farmers and stock raisers of this
county were compelled to feed mat-
ured grass and hay late last summer,
they now can keep the stock in the
pastures later this fall than usually,
they believe.

While no frosts have visited Noda-
way county yet this fall, the leaves of
the hickory and a few other trees, na-
tive to northwest Missouri, are begin-
ning to turn golden, yellow and red-
dish, while the nuts are ripening on
the trees. The pawpaw and the persim-
mon also are coloring fine and
with the first frosts of fall will be just
right to the taste of the small boy and
the opossum. While there are a few
of those trees in this part of Missouri,
those few will be well visited this fall.

Make Improvements.

A greater than usual amount of
building and improvements are being
made in the country this fall. New
farm residences, barns, silos and
sheds are dotting the landscape outside
of Maryville in every direction, depict-
ing that despite the dry summer, the
Nodaway county farmer is prospering
and will have a full larder this fall,
and the hungry wolf will keep far from
his door.

Many of the roads, especially where
overlooked, are in unusually bad con-
dition, but where not washed too bad-
ly by the rains, are in good traveling
condition. Many farmers are dragging,
which is proving of great benefit.

Good Apple Crop.

Apples have proved to be a fair
crop in northwest Missouri. Where
there was no spraying, the apples gen-
erally are of an inferior grade. Spray-
ing is practiced by many growers now,
and, as a result, the quality of the
fruit has been raised. There apparently
is a tendency to take better care of
orchards and there are better returns.
For quality the apples in this section
are said to be without a rival.

Some of the farmers have been in-
clined to hold their apples. If they
can get them in cold storage they be-
lieve they will be able to get better
prices. The prevailing prices for Ben
Davis and for Ganos are \$1 to \$1.25 a
barrel, while Jonathans have been
bringing from \$1.75 to \$2.25 a barrel.
These prices are not high, but some of
the orchardists, who have heavy yields,
will get big returns. A tree in its prime
is supposed to bear from five to six
barrels during a good year, so the
gross returns from a tree at these
prices should be \$5 to \$10, according

to the variety and the quality of the
apples.

Sow Wheat Soon.

In addition to harvesting their fruit,
the farmers are now busy preparing
for wheat sowing. The ground has been
too wet to do much work until recently
so there will be a rush now to make
ready for sowing.

"It used to be that farmers thought
they should have in their wheat by the
middle of August," said a Maryville
visitor. "Now the last of September
or first of October is thought better.
By sowing late, danger of damage by
the Hessian fly is not so great. I ex-
pect to sow wheat next week."

"I will hardly be able to get the
ground in shape before then, but even
if this could be done, I would not sow
any earlier. With favorable weather
the wheat will be up in a week, and by
cold weather it will be high enough
not to be in danger from freezing."

Predicts Less Acreage.

Much of the wheat will be pastured
during the winter if other feed is short.
If the wheat is not pastured too close,
it is not damaged, and some declare
that it is really benefitted, especially
if it grows rank.

G. M. McNeill, of near Graham, who
was in Maryville yesterday as witness
in a circuit court case, said perhaps
20 per cent of the wheat had been sown
in his neighborhood, though many
were not through plowing yet. A less
acreage would result he opined on ac-
count of the tardiness in getting the
crop put in. This will result in a
larger corn and oat acreage next
spring. Some farmers also are afraid
of the Hessian fly he said.

SIMPLY BREATHE IT

That's the Way You Use Hyomei, the
Safe Catarrh Remedy.

The most pleasant, easiest, harmless,
and the really sensible method for the
cure of catarrh is Hyomei, which can
be had from any drug store. Just put
twenty drops of the liquid in the small
inhaler that comes with every com-
plete outfit—then breathe it. A few
minutes' use almost instantly clears
the head and stops that annoying sniff-
ling.

When using Hyomei every particle
of air that enters the breathing or-
gans is charged with an antiseptic,
healing balsam that destroys the cat-
tarrh germs, stops the unclean dis-
charges from the nose, relieves the ir-
ritation and quickly heals the sore and
inflamed tissues. The first day's use
of Hyomei will show a decided im-
provement no matter how distressing
the trouble.

Catarrh, which usually begins with
a neglected cold, often becomes a very
serious ailment, so don't wait but
start using Hyomei today—it is inex-
pensive and Oren-Henry Drug Co. al-
ways sells it on the "No-cure-no-pay"
plan.

CHURCH BEGINS EARLIER.

Sunday Evening Services Start at
6:30 and 7:30.

Effective Sunday, October 4, all
Protestant churches in Maryville will
begin the evening services one-half an
hour earlier than since last April. The
meeting of young people's societies
will start at 6:30 o'clock at night in-
stead of 7 o'clock, and the evening
service at 7:30 o'clock instead of 8
o'clock. This applies also to prayer
meetings each Wednesday night.

The change is made by all churches
each year the first Sunday in October,
and the change made back again the
following April.

ENTOMBED MINERS ESCAPE WITH LIVES

All Those Imprisoned by Cave-In
at Webb City Rescued.

Webb City, Mo., Oct. 2.—After more
than two score of men, many of them
battered and bruised, had tottered 250
feet up ladders to the surface, it was
announced that the last of the men im-
prisoned in the cave-in of the Ameri-
can Daves zinc mines had been res-
cued and that no lives were lost.

Early reports said that a number of
miners, estimated at twelve to twenty,
were imprisoned in the mine and
it was believed all had perished. How-
ever, the prompt action of the res-
cuers assisting the men to the surface
in small groups was successful beyond
expectation and finally all were ac-
counted for.

MOTHER! THE CHILD IS COSTIVE, BILIOUS

Don't hesitate! A laxative is neces-
sary if tongue is coated, breath
bad or stomach sour.

No matter what ails your child, a
gentle, thorough laxative should al-
ways be the first treatment given.

If your little one is out-of-sorts,
half sick, isn't resting, eating and act-
ing naturally—look, Mother! see if
tongue is coated. This is a sure sign
that its little stomach, liver and bow-
els are clogged with waste. When
cross, irritable, feverish, stomach sour,
breath bad or has stomach-ache,
diarrhoea, sore throat, full of cold, give
a teaspoonful of "California Syrup of
Figs," and in a few hours all the con-
stipated poison, undigested food and
sour bile gently moves out of its little
bowels without gripping, and you have
a well, playful child again.

Mothers can rest easy after giving
this harmless "fruit laxative," because
it never fails to cleanse the little one's
liver and bowels and sweeten the
stomach and they dearly love its pleas-
ant taste. Full directions for babies,
children of all ages and for grown-
ups printed on each bottle.

Beware of counterfeit fig syrup. Ask
your druggist for a 50-cent bottle of
"California Syrup of Figs," then see
that it is made by the "California Fig
Syrup Company."

About Dan Baker.

D. R. Baker, candidate for recorder of deeds, was over from Skidmore Friday night and Saturday morning looking up his chances for election on November 3. We have known Mr. Baker personally for the last twenty years and we don't believe there is a man

who stands higher in the county in the estimation of the people than he does. No man is better fitted for the position he seeks than he is, and if he is elected he will make a first-class officer and one that the county will be proud of.—Parnell Sentinel.

DIVISIONS IN VILLA'S ARMY

Generals Montalvo and Herrera
Faithful to Carranza.

CAPTURE OF SALTILLO DENIED

Washington Hears Permanent Peace in Mexico Will Soon Be Restored Through Naming of Calderon as Provisional President.

Washington, Oct. 2.—Reports reaching the administration from Constitutional sources here conveyed further assurance that permanent peace soon would be restored in Mexico through the designation of Fernando Iglesias Calderon as provisional president pending an election.

No official word from Mexico City concerning the convention which met to promulgate plans for a general election, or from the peace conferences between Carranza and Villa representatives at Zacatecas and Aguas Calientes was received by the state department. Both President Wilson and Secretary Bryan said, however, the outlook for a peaceful settlement of the differences between the factions in Mexico was "very hopeful."

Reports that troops movements had been ordered discontinued until an agreement of the peace commissioners and that preparations for a general convention of Constitutional chiefs, Oct. 10, had been approved by the Carranza-Villa representatives, were accepted by officials here as an important step in the interests of peace.

Rafael Zubaran, head of the Constitutional agency here, issued a statement in which he denied reports of the capture of Saltillo by Villa's forces. Further information received by the agency confirmed reports that Generals Montalvo and Luis Herrera, with over 6,000 soldiers, had revolted against the authority of Villa.

Says Must Keep Philippines or Lose Hold on Pacific.

Washington, Oct. 2.—Warning that Philippine independence meant surrender of American strategic command of the Pacific, "the fighting ground of the future," and that a conflict between the United States and the Orient, "commercial or otherwise," was inevitable, was given the house by Republican Leader Mann, in a vigorous speech opposing the pending administration Philippine bill. Representative Mann declared that if the Philippines became independent they would, in time, either be acquired by Japan or some other nation ultimately to be used against the United States.

Vodka—And Other Drinks.

Vodka is the Russian national drink. It is a kind of cheap brandy distilled from rye. Its effect on the Russian peasant is the same as that of the cheapest sort of whiskey on the American. It transforms the decent, hard working man into a beast or a sot.

At the outbreak of the war its sale was prohibited. This was a war measure. A nation engaged in a life and

death struggle could not afford to debauch itself by drink.

The effects of this order in improving conditions have been so great that it is to be allowed to stand indefinitely. Travelers report the appearance of whole districts transformed.

In every part of the world liquor stands in the way of efficiency. Wherever there is work to be done, requiring all a man's resources, whiskey is barred!—Kansas City Star.

FIGHTING GOES ON AT AISNE

No Decisive Result Yet Reached.

KEEP UP TURNING MOVE

Allies Drive Their Lines Forward on Both Wings.

TEUTON VICTORY IS CLAIMED.

Berlin Official Report Says Enemy Beaten Near Albert.

Another day has passed and the situation between the allied armies and the Germans in northern France is still described by the French official announcements as satisfactory, with here and there progress along the line, but not a sufficient advance to the north and east to strike a decisive blow at the German right wing.

The battle on the Aisne gives every indication of being the greatest in history as to duration, losses and possibly in significance with respect to the outcome of the greatest war the world has ever seen.

The British reinforcements, consisting in part of trained East Indian troops and in part of territorials, composed of a Scotch regiment, which includes many sharpshooters who have won fame on the ranges in times past, have reached France to strengthen the small British army. Colonial troops also are on the way to the battlefield, some of whom have seen service in South African and other campaigns.

On both sides there have been innumerable offensive movements, the Germans, while relying upon their entrenchments to keep off the offensive in fierce assaults upon both French and British at short intervals. Likewise, the Germans are continuing their campaign in Belgium by an attack on the outer defenses of Antwerp and, according to a Rome dispatch, are rushing thousands of troops and an immense supply of war material to the Russian frontier in a supreme effort to ward off the Russian advance.

While Berlin officially is silent on the progress of the war, the Berliner Tageblatt, in a leading article, expresses the confidence of the German people that further news from the battlefronts will be in favor of the Germans' arms.

London, Oct. 2.—The battle of the Aisne, now nearing the end of its third week will soon outstrip in respect to time the great contest fought at Verdun nearly ten years ago, but still no decisive result has been achieved by either side.

Military experts, however, believe that the great claws, as they have been described, continue to open to clutch at the outspread wings of the German army, particularly the right, which forms the upright portion of the L, and now has its back to the east, fighting with desperation to prevent the French left from encircling or smashing it along most of the front, estimated at 180 miles in length.

The artillery has played by far the most important part in the struggle, but on the German right the lighter guns, cavalry and infantry are doing most of the fighting with a stubbornness and disregard of life that people have so often said in recent years modern soldiers never would display. There have been unprecedented artillery duels, which have taken a heavy toll of the opposing armies, followed by cavalry and infantry charges in which first one and then the other side would gain or be compelled to give ground.

Still they have held on, the German wing being extended farther northward as the French made another move to work around it. With an unlimited supply of troops this might go on for an indefinite period, but with the forces at the disposal of the two staffs the operations must soon come to an end.

The French official statement says progress has been made by both right and left wings of the allied armies.

The German official account says the Germans have defeated the French north and south of Albert.

GERMAN TROOPS ARE RUSHED EAST

Bohemian and Moravian Railroads Congested With Soldiers.

Rome, Oct. 2.—According to dispatches reaching here, all the Bohemian and Moravian railroads are congested with German troops and war material, which are being transported to the Russian frontier. Germany is making a supreme effort to face the Russian advance, and all civilian transportation has been forbidden.

Dispatches from Vienna say that the Austrian staff is entirely dependent upon that of Germany, which has assumed supreme command in the campaign against Russia.

A Petrograd dispatch says: "In the Suwalki district from the left flank of the Germans the Russians forced two German attempts to force a passage of the Niemen river between Orla on the north and Druskeniki on the south. Military critics point out that with the capture of Augustowo and Kopitzewo the Russians have broken the German center."

FIGHTING IS UNCEASING

Armies Spread Out In Attempt to Overlap Each Other.

Paris, Oct. 2.—The recent terrible hand-to-hand conflicts in the western and eastern wings at Aisne arose from the attempts of the German and the allied generals to execute flanking movements in great force at the same time in the open country. The lines of the armies have been growing even longer in the last ten days in a mutual endeavor to overlap each other. The wings have been heavily reinforced, but the allies have been able to bring greater power to bear and not only have prevented the Germans from breaking through, but have gained ground steadily and now have the advantage.

German prisoners who have been taken on the western end of the line in large numbers show that the reinforcements which have arrived recently consist largely of men who are nearing middle age. This seems to indicate that many corps have been withdrawn to meet the Russian advance.

The German practice of maintaining an incessant offensive appears, according to military men, to be having the result of wearing out their human material. Some of their corps have been almost wiped out.

French Official Statement.

Paris, Oct. 2.—The following official announcement was issued: "There is nothing of particular importance to describe except in the region of Roye (on the French left wing), where a violent action has successfully turned in our favor, and in the Argonne, where we have made progress at several new points. The general situation remains satisfactory."

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

Are They Not Good Laws?

Here are some of the questions that the democrats are propounding to those who are attacking the Wilson administration legislation: Would you repeal the income tax? Would you take a backward step on parcel post? Would you restore schedule "K" of the Payne-Aldrich-Smoot tariff? Would you repeal the federal reserve act? Would you repeal the Levar agricultural extension act? Would you repeal the Alaska railroad act? Would you repeal the seamen's bill? Would you repeal the peace treaties?

LIFE And The Game

LIFE is like a game of chess. The disappointed man may find that his particular game is a failure, because he sits waiting for somebody else to make a play when it's his own move. Things seem to have gone wrong generally. The other man has the bank account. The other man makes the wise investment. The other man annexes to himself all the desirable things of life. What's the trouble? Have you forgotten your part in the game?

Don't sit watching his brilliant moves and allow your own opportunities to get cornered. Take a hand in the game. Start an account with us and get so in earnest, so absorbed in the game that you compel others to watch. That's the way to win. It's your move NOW

MORE GOOD REASONS

Why Chas. Hyslop should be elected Representative.
5. "He is Big and Broad enough, to represent the best interests of County and State regardless of Party."
6. The People still remember that in the campaign of 1888 his was the only name on the Republican ticket that stood against the Democratic landslide. THERE WAS A REASON. As Public Administrator and Guardian he handled more than \$145,000, nearly one-half of which accumulated under his management, settling more than 150 estates. (More business in fact, than any three of his predecessors or successors have handled,) all satisfactory to Court, Estate and Bondsmen.
7. "To the end that he may make good, as he always has, he needs your vote, remember this is the most important office to be voted for in November."
